

Главное об отчёте:

- Детальный анализ развития Добычи Углеводородов и Нефтесервисного рынка Северной Америки с 2007 года до конца 2021 года и прогноз до 2030.
- REnergyCO собрала и проанализировала основные данные определяющие развитие добычи и нефтесервисов (скважины, проходка, КРС, ГРП и МГРП) по ключевым американским штатам и канадским провинциям. Обзор физической активности в 9 штатах, Мексиканском Заливе и провинциях Канады. Крупнейшие производители нефти и газа в каждом штате
- Оценка нефтесервисного рынка по гео-региону и крупным штатам и в Канаде
- 17 профилей крупных нефтегазовых компаний, определяющих динамику нефтесервисного рынка в Северной Америке
- Краткое описание 42 нефтесервисных компаний (выручка, долговая нагрузка, продуктовая линейка). Историческая выручка крупнейших 49 нефтесервисных компаний для сравнения с оценками нефтесервисного рынка
- 600 страниц и более 1000 графиков и таблиц

Ключевые вопросы:

- В каких штатах и провинциях росла добыча
- Как достигался рост без роста нефтесервисной активности
- Что обеспечивало движение рынка
- Как отрасль будет реагировать на последствия КОВИДа и ОПЕК+

**ГДЕ КОГДА
ПОЧЕМУ
КАК КТО**

Почему данный отчёт:

- Высокая степень визуализации данных для экономии времени читателя
- Подготовлен опытным консультантом
- Методология, доказавшая свою эффективность в определении размера рынка и прогнозировании
- Пояснения к расчётам и оценкам
- Возможность обсуждения отчёта с автором

USA and Canada Upstream and Oilfield Service Industry

April 2022

CONTENT

1	Abstract.....	24
2	Changes in global hydrocarbons production in 2007-2021	27
2.1	Global crude oil, condensate and NGL production.....	28
2.2	Global production of natural gas	35
2.3	Crude oil prices, hydrocarbon production and OFS spending	41
3	The US oil and gas production in 2007-2021.....	53
3.1	Crude oil production in the USA overview	56
3.2	Natural gas withdrawals in the USA overview	59
3.3	Canada oil and gas overview	60
4	Oilfield services activity in the US and Canada	66
4.1	Drilling.....	66
4.2	Fracturing.....	70
4.3	Wells and workovers	76
5	Forecast of Upstream and OFS development in North America	85
6	Oilfield services market in the US and Canada	96
6.1	The US and Canada Oilfield Services Market in 2007-2021.....	96
6.2	Forecast of the US and Canada Oilfield Services Market in 2022-2030	106
6.3	Land Drilling Segment.....	109
6.4	Land Drilling Fluids (Mud).....	116
6.5	Drill bits and downhole mud motors	120
6.6	MWD/LWD and Rotary Steering Systems (land)	128
6.7	Cementing	137
6.8	Casing.....	141
6.9	Completion equipment.....	145
6.10	Wireline logging and perforation	149
6.11	Fracturing and water/proppant.....	156
6.12	Workover and Coiled Tubing	165
6.13	Artificial Lift Systems and Tubing.....	172
6.14	Offshore Oilfield Services	177
7	Physical activity and market estimates in key states and Canada.....	182
7.1	Texas	192
7.2	New Mexico	219
7.3	North Dakota	244
7.4	Oklahoma	269
7.5	Colorado	293
7.6	Louisiana.....	319
7.7	Pennsylvania.....	344
7.8	Ohio	367
7.9	Alaska.....	383
7.10	Gulf of Mexico and other offshore	387
7.11	Canada	397
7.11.1	Alberta	410
7.11.2	Saskatchewan	418
7.11.3	British Columbia	422
7.11.4	Manitoba	427
7.11.5	Newfoundland	429
8	Largest oil and gas companies in the US and Canada	432
8.1	EOG.....	440

8.2	ExxonMobil and XTO.....	443
8.3	Chevron Corporation	446
8.3.1	Noble Energy Inc. (Chevron).....	450
8.4	Occidental Oil and Gas and Anadarko	453
8.4.1	Occidental Oil and Gas.....	455
8.4.2	Anadarko Petroleum Corporation (Occidental Petroleum)	457
8.5	Marathon Oil	460
8.6	Pioneer Natural Resources	463
8.7	Chesapeake Operating Inc.	467
8.8	Devon Energy Production Company.....	470
8.1	WPX Energy (Merged with Devon)	473
8.2	Conoco Phillips Company	476
8.2.1	Concho Operating (ConocoPhillips)	479
8.3	APA Corporation (Apache Corporation)	482
8.4	Continental Resources Inc.	485
8.5	Diamondback E&P LLC.....	488
8.6	Ovintiv (Encana) and Newfield Exploration	490
8.7	Southwestern Energy	497
8.8	Hess Corporation	499
8.9	Whiting Petroleum	502
8.10	Tourmaline Oil Corp.....	505
8.11	Canadian Natural Resources.....	507
8.12	Arc Resources	509
8.13	IPC Canada	511
9	Largest OFS companies in North America.....	513
9.1	Large OFS companies overview	513
9.2	Halliburton Company.....	521
9.3	Schlumberger Limited.....	526
9.3.1	Cameron International	532
9.4	Liberty Oilfield Services Inc.....	533
9.5	Baker Hughes Company.....	535
9.6	Weatherford International PLC	539
9.7	NOV Inc.	543
9.8	Nabors Industries Ltd.....	547
9.9	Helmerich & Payne Inc.	550
9.10	Patterson-UTI Energy Inc	552
9.11	Precision Drilling Corporation.....	556
9.12	Parker Drilling Company	559
9.13	Trican Well Services Ltd.....	561
9.14	Calfrac Well Services Ltd.....	563
9.15	STEP Energy Services Ltd	564
9.16	Key Energy Services Inc.....	565
9.17	NexTier Oilfield Solutions Inc.....	568
9.18	RPC Inc.....	570
9.19	KLX Energy Services Inc.....	571
9.20	Basic Energy Services Inc	572
9.21	Pioneer Energy Services Inc	574
9.22	Mammoth Services Inc	576
9.23	Nine Energy Services Inc.....	577
9.24	Transocean Ltd	579
9.25	Seadrill Ltd	581
9.26	Noble Corporation PLC	581
9.27	Diamond Offshore Drilling Inc.	583
9.28	Valaris PLC and Rowan Companies.....	584
9.29	Seventy-Seven Energy Inc.....	585

9.30	AKITA Drilling	585
9.31	Ensign Energy Services (including Trinidad Drilling International JV)	586
9.32	Helix Energy Solutions Group	588
9.33	Superior Energy Services	589
9.34	ProPetro Holding Corp	590
9.35	Oceaneering International	591
9.36	Newpark	592
9.37	ProFrac (FTS International Inc)	593
9.38	ChampionX Corp and Apergy	595
9.39	NCS Multistage	596
9.40	Western Energy Services Corp	598
9.41	Total Energy	599

LIST OF FIGURES AND TABLES

Figure 2-1. The US and Canada share in global oil and gas production in 2007-2021 (%)	27
Figure 2-2. Global oil production in 1980-2021 (mln tons)	28
Figure 2-3. Map of geo-regions share in oil production in 2007 and change to 1998 (mbd)	29
Figure 2-4. WTI prices high and low in 1986- 2021 (\$ bbl)	30
Figure 2-5. Map of geo-regions share in oil production in 2019 (% and change to 2007 in mbd)	30
Figure 2-6. Key producer-countries' gains and losses in daily production in 2018 to 2007 (mbd)	31
Figure 2-7. US, Saudi Arabia and Russia's daily production in 2007-2021 (mbd)	31
Figure 2-8. Global crude/condensate and NGL in 2007-2020 (mbd)	32
Figure 2-9. Key producer-countries' gains and losses in daily production in 2020 to 2019 (mbd)	32
Figure 2-10. Approximate value of global crude and NGL production in 2007-2021 (\$ bln)	33
Figure 2-11. Approximate value of crude production in the USA, Saudi Arabia and Russia in 2007-2020 (% of GDP)	33
Figure 2-12. Average share of oil and gas production in the USA, Saudi Arabia and Russia in 2007-2020 (% of GDP)	34
Figure 2-13. Global gas production and prices in 1980-2020 (bcm and \$ per million BTU)	35
Figure 2-14. Map of geo-regions share in gas production in 2018 (% and change to 2005 in bcm)	36
Figure 2-15. Key producer-countries' gains and losses in gas production in 2019 to 2005 (bcm)	37
Figure 2-16. Key producer-countries' gains and losses in gas production in 2020 to 2019 (bcm)	37
Figure 2-17. Henry Hub spot prices high and low in 1997 - 2020 (\$ mBTU)	38
Figure 2-18. German average import price and Brent in 1997 - 2020 (1997=100)	38
Figure 2-19. US, Middle East, and Russia's gas production in 2007-2020 (bcm)	39
Figure 2-20. Natural gas and LNG global production in 2005-2020 (bcm)	40
Figure 2-21. Estimated share of natural gas delivered to large consumer in GDP of the USA, Russia and Middle East Countries in 2007-2018 (%)	40
Figure 2-22. Crude price and estimated OFS spending in SA, NA and Russia in 2010-2021	41
Figure 2-22. Global GDP, oil production and price in 1987-2021	42
Figure 2-23. Oil production per unit of global GDP and share of oil value in GDP in 1987-2021	43
Figure 2-24. Results of linear regressions of global crude production and price 1987-2018	44
Figure 2-25. Regression transformations residuals for 1987-2018	44
Figure 2-26. Overview of data points of crude oil price and global production 1987-2020	45
Figure 2-27. Residual values of crude oil price and global production 1987-2018	46
Table 2-28. The correlation s between Brent and production in various period 1987-2018 (%)	47
Figure 2-30. Incremental production and consumption of oil by large producer-countries in 1999-2020 (million tons and % of total increment in the period)	48
Figure 2-31. Average annual crude oil prices in 1998-2021 (\$ bbl)	49
Figure 2-32. Illustration of oil production costs by key producers in the world in 1998 and in 2018 (costs of production excluding taxes and apparent revenue of upstream)	50
Figure 2-33. Net Revenue and taxes Saudi Aramco, Rosneft, ExxonMobil, Chevron, ConocoPhillips and Chesapeake in 2018 (bln)	51
Figure 2-34. Net income and taxes Saudi Aramco, Rosneft, ExxonMobil, Chevron, ConocoPhillips and Chesapeake in 2018 (%)	52
Figure 3-1. USA total production in million barrels a day 2007-2021 (two key sources checkup)	53
Figure 3-2. The US gas withdrawal and production in 2007-2020 (two key sources checkup)	53
Figure 3-3. Natural gas uses in the US in 2018 (billion cubic feet)	54
Figure 3-4. Largest states by crude and gas production in the US in 2018 (million barrels and barrels of oil equivalent)	54
Table 3-5. Key states' incremental oil and gas production in 2019 to 2007 (million barrels of oil equivalent and % of total increment)	55
Table 3-6. Key states' change in oil and gas production in 2020 to 2019 (million barrels of oil equivalent and % of total increment)	55
Table 3-6. Key states' change in oil and gas production in 2021 to 2020 (million barrels of oil equivalent and % of total increment)	56
Figure 3-7. Crude oil production in the USA by State in 2007-2020 (million barrels)	56
Figure 3-8. Incremental crude oil production in the USA by State in 2007-2019 (billion barrels)	57
Figure 3-9. Growth rates in the US, Texas, and North Dakota in 2008-2021 (%)	57
Figure 3-10. The correlation s between WTI and production in 1986-2020 (%)	58
Figure 3-11. Production, WTI and rig count lines 2018 till April 2021 (January 2018=100%)	58
Figure 3-12. Gas withdrawals in the USA by State in 2007-2021 (billion cubic feet)	59
Figure 3-13. Incremental natural gas withdrawal in the USA by largest states in 2007-2020 (trillion cf)	59
Figure 3-14. Growth rates in the US, Pennsylvania, and West Virginia in 2008-2021 (%)	60
Figure 3-15. Canada Crude, NGL and Gas production in 2007-2021 (million boe)	60
Figure 3-16. Percent change to previous year in hydrocarbons production and WTI in Canada in 2008-2020	61
Figure 3-17. Alberta crude oil basket and WTI and rig count in 2017- 2021 (monthly averages)	61

Figure 3-18. Canadian Natural Resource realized prices and WTI in 2018- 2020 (annual averages)	62
Figure 3-19. Crude oil and NGL production by provinces in Canada in 2007-2021 (mln bbl)	63
Figure 3-20. Change in crude oil production by provinces in Canada in 2007-2019 (mln bbl)	63
Figure 3-21. Change in crude oil and NGL production by provinces in Canada in 2019-2021 (mln bbl)	63
Figure 3-22. Alberta crude oil, condensate, and oil sands production in 2010-2021 (mln m ³).....	64
Figure 3-23. Alberta oil sand mining and in situ production in 2010-2020 (mln m ³)	64
Figure 3-24. Natural gas production by provinces in Canada in 2007-2020 (mln bbl)	65
Figure 4-1. The US Canada rig count and estimated footage in 2007-2021 (million feet and rigs).....	66
Figure 4-2. Crude production per footage in the US in 2007-2021 (thousand barrels per million feet)	67
Figure 4-3. Reduction in footage by key States and Canada in 2020 to 2018 (million feet)	67
Figure 4-4. The number new wells in USA by key States and Canada in 2007-2021 (thousand wells)	68
Figure 4-5. Vertical and horizontal wells in USA and Canada in 2007-2020 (thousand wells)	68
Figure 4-6. Average depth of new wells in USA and Canada in 2007-2021 (feet).....	68
Figure 4-7. Vertical wells in USA by key States and Canada in 2007-2021 (thousand wells)	69
Figure 4-8. Horizontal wells in USA by key States and Canada in 2007-2021 (thousand wells).....	69
Figure 4-9. Change in average well depth by large states and in Canada in 2010 and 2020 (thousand feet).....	70
Figure 4-10. The number of fractured wells in USA and Canada in 2011-2021 (thousand wells).....	70
Figure 4-11. Crude production, fracs, rig count and water used in fracs in the US in 2013-2021 (2013=100%)	71
Figure 4-12. Water used per fracked well in the US in 2011-2021 and ratio of frac water to total crude production	71
Figure 4-13. Water used in fracturing in the US by large states in 2011-2021 (mln barrels)	72
Figure 4-14. Water used in fracturing in the US by large states in 2011-2020 (mln barrels)	72
Figure 4-15. Water used per frac by largest states in the US in 2011, 2014, 2018, 2019, 2020 and 2021 ('000 bbl)	73
Figure 4-16. Fracs spreads count and apparent wells and water per spread in 2015-2021.....	73
Figure 4-17. Largest customers in fracturing in the USA in 2012-2020 (thousand wells)	74
Figure 4-18. Largest customers in fracturing in the US in 2012-2020 (% of total wells fractured)	74
Figure 4-19. Large suppliers of fracturing fluid components in 2013-2020 (# of wells).....	75
Figure 4-20. Estimated number of wells fractured in Canada in 2011-2021 (thousand wells)	76
Figure 4-21. Estimated water use in fracturing and apparent use per fracked well in 2011-2020 (mln m ³ and 000 bbl per well).	76
Figure 4-22. The number of producing oil and gas wells in the US and Canada in 2007-2020 (thousands)	77
Figure 4-23. Apparent well productivity in the US and Canada in 2007-2020 (bd and kcf/d)	77
Figure 4-24. Oil wells by large states the US and in Canada in 2007-2020 (thousand).....	78
Figure 4-25. Productivity of wells by large states the US and in Canada in 2007-2020 (bbl a day)	78
Figure 4-26. Oil wells by productivity in the US in 2007-2019 (thousand and %).....	79
Figure 4-27. Oil wells with high productivity in the US in 2007-2019 (thousand and %).....	79
Figure 4-28. Gas wells by large states the US and in Canada in 2007-2020 (thousand)	80
Figure 4-29. Productivity of gas wells by large states the US and in Canada in 2007-2020 (bbl a day)	80
Figure 4-30. Gas wells by productivity in the US in 2007-2019 (thousand and %).....	81
Figure 4-31. Gas wells with high productivity in the US in 2007-2019 (thousand and %).....	81
Figure 4-32. Apparent wells' replacement by drilling the US in 2007-2020.....	82
Figure 4-33. Workover rig count and theoretical well coverage in 2007-2019 (thousand rigs).....	82
Figure 4-34. Coiled tubing units count in 2007-2020 (rigs).....	83
Figure 5-1. Change in production and rig count in 2020 – April 2022 (January 2020=100%)	86
Figure 5-2. Forecasted WTI prices and number of rigs in 2021-2030 (\$ bbl)	87
Figure 5-3. Forecasted crude oil production by key state and Canada in 2021-2030 (million barrels).....	87
Figure 5-4. Change in crude oil production by key States and Canada in 2030 (billion barrels)	88
Figure 5-5. Forecasted of natural gas production by key state and Canada in 2021-2030 (billion cubic feet)	88
Figure 5-6. Change in natural gas production by key States and Canada in 2030 (trillion cubic feet)	89
Figure 5-7. Forecasted of natural gas liquids (NGL) production by key state and Canada in 2021-2030 (million bbl)	89
Figure 5-8. Change in natural gas liquids (NGL) production by key States and Canada in 2030 (billion bbl)	90
Figure 5-9. Forecasted active rigs by key state and Canada in 2022-2030	90
Figure 5-10. Crude production per footage in the US in 2021-2030 (thousand barrels per million feet)	91
Figure 5-11. Forecasted number of new wells drilled by key state and Canada in 2021-2030.....	91
Figure 5-12. Wells per rig in the US and Canada in 2021-2030.....	92
Figure 5-13. Forecasted footage by key state and Canada in 2021-2030	92
Figure 5-14. Footage per rig in the US and Canada in 2022-2030 ('000 feet and lateral share)	93
Figure 5-15. Forecasted water used in fracking by key state and Canada in 2021-2030 (mln cubic meters)	93
Figure 5-16. Forecasted water used in fracking to crude oil production by key state and Canada in 2021-2030 (bbl per bbl).....	94
Figure 5-17. Forecasted water used in fracking in average new well in 2021-2030 (mln gallons).....	94
Figure 5-18. Forecasted number of active fracs spreads by key States and Canada in 2022-2030.....	95
